# Pro malé umělce

Stačí jen rozložit pastelky na stůl a nechat fantazii pracovat. Věřím, že tyto obrázky zpříjemní každé deštivé odpoledne nebo společný večer. Užijte si ten kouzelný moment, kdy se černobílé čáry pod vašimi rukama promění v barevný svět plný radosti.

Krásné tvoření přeje

Petr Přikryl
